

PATIENT & CAREGIVER EDUCATION

Nipple and Areola Tattoos After Breast Cancer Surgery

This page has graphic medical photos of breasts with nipple and areola tattoos. They are before and after photos of patients who had the procedure. MSK physician assistants are trained in making tattoos of nipples and areolas for people who had them removed during breast cancer surgery.

3D tattoo:
Bilateral
implant
reconstruction

3D tattoo:
Bilateral
implant
reconstruction

3D tattoo:
Right implant
reconstruction

If you have any questions, contact a member of your care team directly. If you're a patient at MSK and you need to reach a provider after 5 p.m., during the weekend, or on a holiday, call 212-639-2000.
