

How To Give a Subcutaneous Injection Using a Prefilled Syringe

This video will demonstrate how to give yourself an injection under your skin, which is called a subcutaneous injection, or a sub-Q shot.

► Please visit www.mskcc.org/pe/subq to watch this video.

If you have questions or concerns, contact your healthcare provider. A member of your care team will answer Monday through Friday from 9 a.m. to 5 p.m. Outside those hours, you can leave a message or talk with another MSK provider. There is always a doctor or nurse on call. If you're not sure how to reach your healthcare provider, call 212-639-2000.

For more resources, visit www.mskcc.org/pe to search our virtual library.
